

Business Vision

The world's best engineering for precision components.

Business Mission

To provide manufacturers with components solutions that improve competitiveness.

Business Philosophies and Principles

Gain total knowledge of our customers and their markets.

Focus on identifying and creating high volume component niches.

Meet our customers expectations with global consistency.

Build long term associations with customers, suppliers, colleagues and shareholders.

Quality Policy

The Titus Group Mission, to improve the competitiveness of our customers, encourages us to continuously improve our products, services, processes and competencies of our employees. Our guide is the principle of "Fittings for Purpose". We are committed to meet the confirmed customer requirements and to comply with the legal and other requirements, taking into consideration also the impacts of our activities on environment and quality of life. We believe that this is achieved most efficiently through the management of all activities in conformance with the requirements of the standard ISO 9001.
