

RV Push Locks

2022

Important Information

Technical information

While every effort has been made in the production of this catalogue to ensure the accuracy of information, our products are continually being revised and users should confirm the up to date specification before ordering. Due to constant improvement of products presented in the catalogue, we can make changes at any time and without notice.

Responsibility

It is the responsibility of the user to ensure the fitness of hardware for the intended purpose. We recommend assessment by appropriate testing in the application and by technical enquiry to our representatives.

Intellectual property

Titus Group owns the intellectual property rights in its products worldwide whether as trademarks, patents, intellectual, copyright, designs, illustrations, drawings and the 'know how' contained in their design and production. Titus Group respects the equivalent rights in competitors and all other relevant product design rights. To our knowledge our products do not infringe any intellectual property rights of competitors or other parties. Titus Group takes infringements of its rights seriously and will rigorously defend these rights to the full extent of the law.

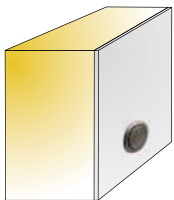

*Non preferred articles

All Item numbers in the catalogue marked with * are for non preferred items available on extended delivery times.

Trademarks

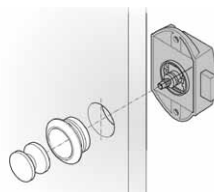

Titus and Titusonic are registered trademarks of Titus International Ltd. Lama is a registered trademark of Titus d.o.o. Dekani, WoodWelding is a registered trademark of WW SA.

RV Push Locks

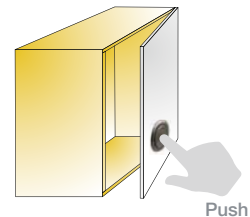

Secure locking of cabinets during transit

- Consistent and reliable functioning throughout the product life-time
- For recreational vehicles, boats & yachts, trucks and industrial van interiors

Easy to mount

- Simple mounting instructions
- Non-handed lock design for intuitive mounting regardless of the position on door

Effortless push-in opening and closing

- Only a light push on knob is required for comfortable door opening and closing

Enhanced cabinet design

- Various designs and colours
- Range of push knobs and handles
- Flushed with door surface for elegant and sophisticated look to interior

Magnet Lock with 'close & forget' functionality

- Self-locking mechanism provide instant door locking without the need to push the knob before taking-off
- For mind-free travelling experience

Versatile range of applications

- For pivot doors, lift-up doors and drawers
- For 13, 16 and 19mm door thickness
- Contemporary square design of knobs and rosettes

Push Lock

Push Espagnollete Lock requires a metal rod for locking on top and bottom of the cabinet.
It is usually used on tall doors.

- Backset 25mm
- Mounting Non-handed
- Locking system With push-button locking
- Fixing screw-on

Rosettes and Knobs

For Push Lock and Push Espagnollete Lock

		Technical details								
		Item number	Nickel	Nickel matte	Chrome	Chrome matte	Grey	White	Brown	
Rosette 19 for 19mm door thickness		980-4843 →		250	211	210				
		*980-3047 →			701					
 										
 500 Pcs		Made of plastic or *zinc								
Rosette 16 for 16mm door thickness		980-4842 →	251	250	211	210	385	350	370	
		*980-3045 →			211					
 										
 500 Pcs		Made of plastic or *zinc								
Rosette 13 for 13mm door thickness		980-4844 →		250	211					
 										
 500 Pcs		Made of plastic								

Rosettes and Knobs

For Push Lock and Push Espagnollete Lock

[illegible]

Square Rosette and Knob

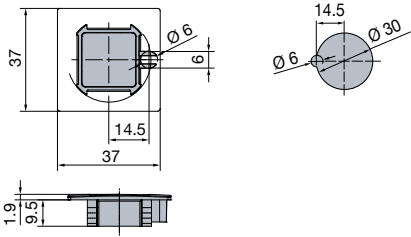

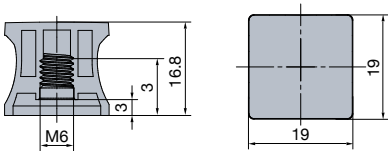

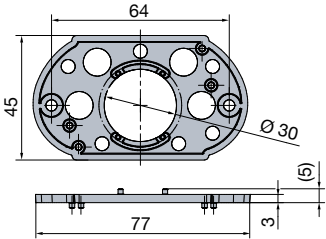

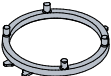

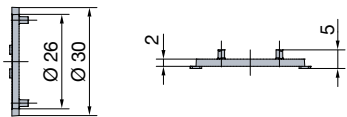

For Push Lock and Push Espagnolette Lock

i

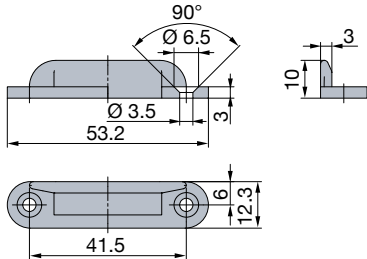

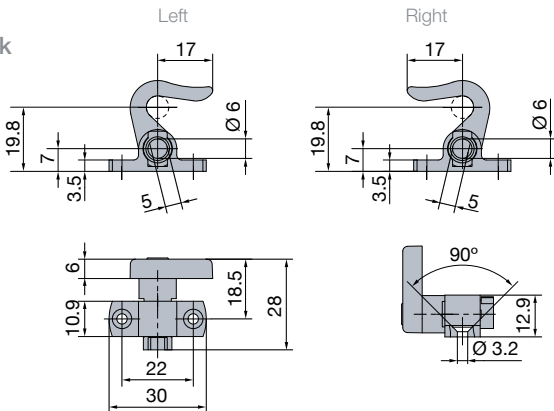

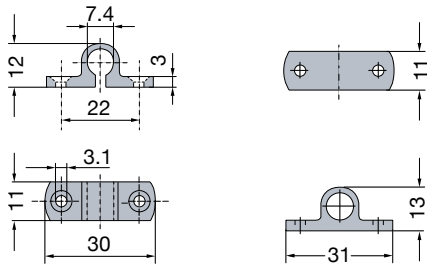

Same rosette and knob is used for 13, 16 and 19mm door thicknesses.

Select the right combination of parts for each thickness from this chart:

Items required	19mm	16mm	13mm
Rosette	1	1	1
Push Button	1	1	1
Centering Ring	1	0	0
Distance Plate	0	1	2

									
		Black	Anthracite	Nickel	Nickel matte	Chrome	Chrome matte	Grey	
Rosette Square 19		Item number	401	400	251	250	211	210	
									
 500 Pcs	Made of plastic								
Knob Square 19		980-4775 →	401	400	251	250	211	210	
									
 500 Pcs	Made of plastic								
Distance plate for Square Rosette and Knob		980-4776 →							387
		Distance plate compensates the “loss” of material, ensuring the right distance from push-lock to knob In case of 13mm door use 2 pcs In case of 16mm door use 1 pc							
 500 Pcs	Made of plastic								
Centering ring		980-9777 →							387
		The centering ring is needed to ensure the stable location of the rosette in the door Must be used on all 19mm door only							
 500 Pcs	Made of plastic								

Accessories

		Left/right version	Item number	Grey	Black	Brown
Counter plate			927-4893 →	387		370
 						
 500 Pcs		Made of plastic
